INFORMATIONAL BULLETIN NO. 4-06-DES

DISTRICT ENVIRONMENTAL SERVICES DIVISION

FOOD VENDING OPERATIONS FOR SWAP MEETS

Preparation and retail sale of food at swap meets is limited according to the permit categories below.

All foods shall be from an approved source. Operators may be required to provide invoices or other documents to verify source and packaging. All operators shall possess and conspicuously display a valid Environmental Health Permit and a decal for all vehicles and food carts.

NON-PREPACKAGED MOBILE FOOD FACILITIES

- Only certain approved non-prepackaged foods requiring limited preparation and prepackaged foods can be sold from these carts. Open foods such as hot dogs, shaved ice, churros, popcorn, pretzels, coffee based drinks and other non-potentially hazardous items as approved by the Department will be permitted
- Only foods that are specified in the approved written operational procedures may be sold. Additions to the menu will require department review and approval.
- Non-prepackaged foods must be sold from the mobile food facility only. No sales will be allowed from coolers or tables.
- Agua fresca and other non-potentially hazardous drinks may be sold from a non-prepackaged mobile food facility, but only from approved dispensing units. Ladling or scoop type drink service is only approved within a food compartment. **All drink service must be contained on the mobile food facility.**
- One table is allowed to display and sell non-potentially hazardous prepackaged foods, to dispense non-potentially hazardous condiments or to hold a cash register. No beverage dispensing or potentially hazardous foods may be sold from the table.
- All back-up storage must be approved by the Department. Cold food may be stored in coolers as approved, and hot foods can only be stored on an approved mobile food facility or approved auxiliary facility. **Hot food storage in coolers will not be approved.**

PREPACKAGED MOBILE FOOD FACILITIES

- All foods must be individually prepackaged for sale. All temperature requirements for potentially hazardous foods must be met (either at or below 41 degrees F, or at or above 135 degrees F).
- All prepackaged potentially hazardous foods must be sold from the mobile food facility.
- Bulk dispensing of non-potentially hazardous beverages is allowed from approved dispensers that are filled at the commissary and are held on the permitted cart only.
