

## **NOTICE OF PROPOSED CORRECTIVE ACTION PLAN**

**DATE:** May 25, 2010

**SITE: Village Food and Fuel**

26128 Highway 243  
Idyllwild CA 92349  
LOP SITE #:971090

In accordance with Title 23, Section 2728 of the California Code of Regulations, this public notification is being issued to advise interested parties that soil vapor extraction was proposed as a corrective action to remediate the gasoline originating from the underground storage tanks at the above site. No adverse environmental effects are anticipated by this remediation treatment.

There is no indication at this time that public drinking water supplies have been impacted.

The plan for corrective action was implemented August 13, 2007. The date of completion is not specified at this time since completion will be dependent on verification analyses showing levels within regulatory compliance.

The Riverside County Department of Environmental Health Local Oversight Program is overseeing the investigation and remedial action at this site. For further information, contact Linda D. Shurlow at (760) 393-3390 or Sharon Boltinghouse at (951) 955-8982.
