

HAZARDOUS MATERIALS CATEGORIES

HAZARDOUS CLASSIFICATION LEVEL AND FEE SCHEDULE

	AGRICULTURAL HANDLER \$246.00	SPECIAL HANDLER \$426.00	LEVEL I \$639.00	LEVEL II \$855.00	LEVEL III \$1,280.00
		Refer to Riverside County Ordinance 651 for definition of an "agricultural handler"	Minimum Quantities: Liquids: ≥ 55 Gallons Solids: ≥ 500 Pounds Comp. Gases: ≥ 200ft ³		
CATEGORY A MATERIALS: <ul style="list-style-type: none"> Motor vehicle fuels stored in an UST Lubricants Coolants Hydraulic fluids Automotive welding gases Lead acid batteries Bulk liquid CO2 for beverage carbonation Dry cleaning fluid/solvent Helium used for balloon inflation 		Ordinance Exceptions: 55-110 gals of Dry Cleaning Solvents ≤1000 lbs of Lead Acid Batteries 200-1000 ft ³ of Welding Gases, and Helium used for Balloon Inflation			
CATEGORY B MATERIALS: <ul style="list-style-type: none"> Flammables Combustibles Corrosives Reactives Toxic Materials Explosives <ul style="list-style-type: none"> Compressed gases (NON-Automotive) All other hazardous materials <u>except</u> those in: <ul style="list-style-type: none"> -- Category A -- Category C -- Exempted by H&SC or local ordinance 			55 - < 550 gals 500 - < 5,000 lbs 200 - < 2,000 ft ³ at STP	550 - < 5,500 gals 5,000 - < 50,000 lbs 2,000 - < 20,000 ft ³ at STP	≥ 5,500 gals ≥ 50,000 lbs ≥ 20,000 ft ³ at STP
CATEGORY C MATERIALS: <ul style="list-style-type: none"> Extremely Hazardous Wastes Regulated Substances Extremely Hazardous Substances Acutely Hazardous Materials 			≤ 5 gals ≤ 50 lbs ≤ 20 ft ³ at STP	> 5 - 55 gals > 50 - 500 lbs > 20 - 200 ft ³ at STP	> 55 gals > 500 lbs > 200 ft ³ at STP

NOTE: The above quantities represent aggregate amounts. Convert all quantities into one volumetric unit (gallons, pounds, or cubic feet) before determining the total quantity.
